

	Generic Name	Comments
Accutane	isotretinoin	mucous membrane irritant
Acutrim	phenylpropanolamine	slow release
Adalat CC	nifedipine	slow release
Allerest 12 Hour	chlorpheniramine, phenylpropanolamine	slow release
Artane Sequels	trihexyphenidyl	slow release; capsules may be opened and contents taken without chewing or crushing
Azulfidine Entabs	sulfasalazine	enteric coated
Bayer Extra Strength Enteric 500	aspirin, enteric coated	enteric coated; slow release
Bayer Low Adult 81 mg	aspirin, enteric coated	enteric coated
Bayer Caplet	aspirin, enteric coated	enteric coated
Biphetamine	amphetamine, dextroamphetamine	slow release
Bisacodyl	bisacodyl	enteric coated
BiscoLax	bisacodyl	enteric coated
Bromfed, Bromfed-PD	brompheniramine,, pseudoephedrine	slow release
Calan SR	verapamil	slow release
Cama Arthritis Strength	aspirin, magnesium oxide, aluminum hydroxide	special table formulation
Cardizem, Cardizem CD,, Cardizem SR	diltiazem	slow release; capsules may be opened and contents taken without chewing or crushing
Chloral Hydrate	chloral hydrate	liquid-filled capsule
Chlor-Trimeton Repetab	chlorpheniramine	slow release
Choledyl SA	oxtriphylline	slow release
Compazine Spansule	prochlorperazine	slow release; capsules may be opened and contents taken without chewing or crushing
Constant T	theophylline	slow release; capsules may be opened and contents taken without chewing or crushing
Contac	chlorpheniramine, phenylpropanolamine	slow release; capsules may be opened and contents taken without chewing or crushing
Cotazym S	pancrelipase	enteric coated; capsules may be opened and contents taken without chewing or crushing
Covera-HS	verapamil	slow release
Deconamine SR	chlorpheniramine, , pseudoephedrine	slow release
Depakene	valproic acid	slow release; mucous membrane irritant

Depakote	valproate disodium	enteric coated
Desoxyn Gradumets	methamphetamine	slow release
Dexatrim MaxStrength	phenylpropanolamine	slow release
Dexedrine Spansule	dextroamphetamine	slow release
Diamox Sequels	acetazolamide	slow release
Dilacor XR	diltiazem	slow release
Dilatrate-SR	isosorbide dinitrate	slow release
Dimetane Extentab	brompheniramine, , phenylephrine	slow release
Disophril Chronotab	dexbrompheniramine, , pseudoephedrine	slow release
Donnatal Extentab	atropine, scopolamine, hyoscyamine, phenobarbital	slow release
Donnazyme	pancreatin, pepsin, bile salts, atropine, scopolamine, hyoscyamine, phenobarbital	slow release
Drixoral	dexbrompheniramine, pseudoephedrine	slow release
Dulcolax	bisacodyl	enteric coated
Easprin	aspirin	enteric coated
Ecotrin	aspirin	enteric coated
E.E.S 400	erythromycin ethylsuccinate	enteric coated
Elixophyllin SR	theophylline	slow release; capsules may be opened and contents taken without chewing or crushing
E-Mycin	erythromycin	enteric coated
Ergostat	ergotamine	sublingual tablet
Eryc	erythromycin	enteric coated; capsules may be opened and contents taken without chewing or crushing
Ery-tab	erythromycin	enteric coated
Erythrocin Stearate	erythromycin	enteric coated
Erythromycin Base	erythromycin	enteric coated
Eskalith CR	lithium	slow release
Fedahist Timecaps	chlorpheniramine, pseudoephedrine	slow release
Feldene	piroxicam	mucous membrane irritant
Feosol	ferrous sulfate	enteric coated
Feosol Spansule	ferrous sulfate	slow release; capsules may be opened and contents taken without chewing or crushing
Fergon	ferrous gluconate	slow release; capsules may be opened and contents taken without chewing or crushing
Ferro-Sequels	ferrous fumarate, docusate	slow release
Fero-Gradumet	ferrous sulfate	slow release

Festal II	pancrelipase	enteric coated
Glucotrol XL	glipizide	slow release
Gris-Peg	griseofulvin ultramicrosize	crushing may result in precipitation of drug as larger particles
Ilotycin	erythromycin	enteric coated
Inderal LA	propranolol	slow release
Inderide LA	propranolol, hydrochlorothiazide	slow release
Indocin SR	indomethacin	slow release; capsules may be opened and contents taken without chewing or crushing
Isoptin SR	verapamil	slow release
Isordil Tembidi	isosorbide dinitrate	slow release
Iso-Bid	isosorbide dinitrate	slow release
Isosorbide dinitrate SR	isosorbide dinitrate	slow release
Isuprel Glossets	isoproterenol	sublingual
Kaon CL 10	potassium chloride	slow release
Klor-Con	potassium chloride	slow release
Klotrix	potassium chloride	slow release
K-Tab	potassium chloride	slow release
Levsinex Timecaps	hyoscyamine	slow release
Lithobid	lithium	slow release
Meprospan	meprobamate	slow release; capsules may be opened and contents taken without chewing or crushing
Mestinon Timespan	pyridostigmine	slow release
Micro K	potassium chloride	slow release
MS Contin	morphine	slow release
Naldecon	phenylephrine, phenylpropanolamine, chlorpheniramine, phenyltoloxamine	slow release
Nico-400	niacin	slow release
Nicobid	niacin	slow release
Nitro Bid	nitroglycerin	slow release; capsules may be opened and contents taken without chewing or crushing
Nitroglyn	nitroglycerin	slow release; capsules may be opened and contents taken without chewing or crushing
Nitrong SR	nitroglycerin	slow release
Nolamine	phenylpropanolamine, chlorpheniramine, phenindamine	slow release
Norflex	orphenadrine	slow release

Norpace CR	disopyramide	slow release
Novafed A	pseudoephedrine, chlorpheniramine	slow release
Oramorph SR	morphine	slow release
Ornade Spansule	phenylpropanolamine, chlorpheniramine	slow release
Pancrease	pancrelipase	enteric coated
Papaverine Sustained Action	papaverine	slow release
Pavabid	papaverine	slow release
Pavabid Plateau	papaverine	slow release; capsules may be opened and contents taken without chewing or crushing
PBZ-SR	tripelennamine hydrochloride	slow release
Perdiem	psyllium hydrophilic mucoid	wax coated
Peritrate SA	pentaerythritol tetranitrate	slow release
Permitil Chronotab	fluphenazine	slow release
Phazyme, Phazyme 95	simethicone	slow release
Phyllocontin	aminophylline	slow release
Plendil	felodipine	slow release
Polaramine Repetabs	dexchlorpheniramine	slow release
Prevacid	lansoprazole	slow release; capsules may be opened and contents taken without chewing or crushing
Prilosec	omeprazole	slow release
Procainamide HCl SR	procainamide	slow release
Procan SR	procainamide	slow release
Procardia XL	nifedipine	slow release
Pronestyl SR	procainamide	slow release
Proventil Repetabs	albuterol	slow release
Prozac	fluoxetine	slow release; capsules may be opened and contents taken without chewing or crushing
Quibron-T SR	theophylline	slow release
Quinaglute Dura Tabs	quinidine gluconate	slow release
Quinidex Extentabs	quinidine sulfate	slow release
Respid	theophylline	slow release
Ritalin SR	methylphenidate	slow release
Robimycin Robitab	erythromycin	enteric coated
Rondec TR	pseudoephedrine, carbinoxamine	slow release
Roxanol SR	morphine	slow release
Sinemet CR	levodopa, carbidopa	slow release; tablet is scored and may be broken in half

Slo-Bid Gyrocaps	theophylline	slow release; capsules may be opened and contents taken without chewing or crushing
Slo-Phyllin Gyrocaps	theophylline	slow release; capsules may be opened and contents taken without chewing or crushing
Slow-Fe	ferrous sulfate	slow release
Slow-K	potassium chloride	slow release
Sorbitrate SA	isosorbide dinitrate	slow release
Sudafed 12 hour	pseudoephedrine	slow release
Tavist-D	phenylpropanolamine, clemastine	multiple compressed tablet
Teldrin	chlorpheniramine	slow release; capsules may be opened and contents taken without chewing or crushing
Tepanil Ten-Tab	diethylpropion	slow release
Tessalon Perles	benzonatate	slow release
Theo-24	theophylline	slow release
Theobid, Theobid Jr.	theophylline	slow release
Theo-Dur	theophylline	slow release
Theo-Dur Sprinkle	theophylline	slow release; capsules may be opened and contents taken without chewing or crushing
Theolair SR	theophylline	slow release
Thorazine Spansule	chlorpromazine	slow release
Toprol XL	metoprolol	slow release
Trental	pentoxifylline	slow release
Triaminic	phenylpropanolamine, chlorpheniramine	enteric coated
Triaminic 12	phenylpropanolamine, chlorpheniramine	slow release
Triaminic TR	phenylpropanolamine, pyrilamine, pheniramine	multiple compressed tablet
Trilafon Repetabs	perphenazine	slow release
Triptone Caplets	scopolamine	slow release
Uniphyl	theophylline	slow release
Valrelease	diazepam	slow release
Verelan	verapamil	slow release; capsules may be opened and contents taken without chewing or crushing
Volmax	albuterol	slow release
Welbutrin SR	bupropion	bupropion
ZORprin	aspirin	slow release
